

Lombard/South Protected Bike Lane Project

Restripe and Upgrade Existing Bicycle Lanes

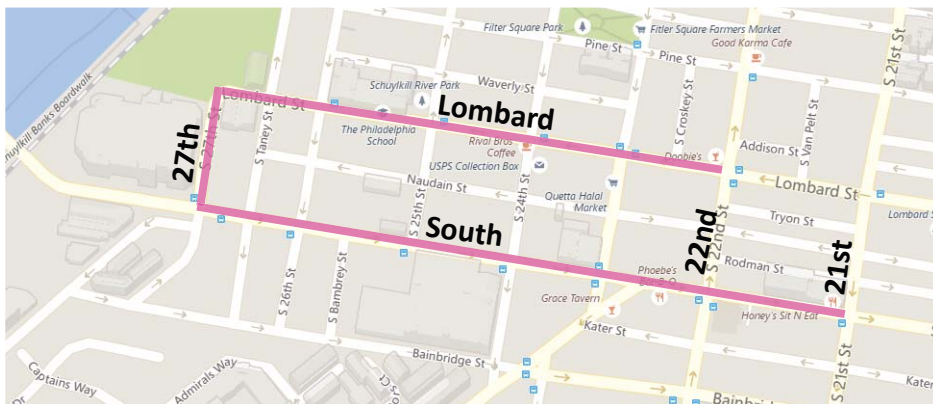

Lombard Street, South Street, 27th Street

Public Listening Session

The City is hosting a listening session on protected bicycle lanes for Lombard, South, and 27th Streets.

The project will address safety issues by:

- Repainting crosswalks and existing bicycle lanes
- Shortening the pedestrian crossing distance
- Creating a clearly defined bicycle space separated from motor vehicle traffic
- Reducing obstructions in the bicycle lane
- Adding flexible delineator posts in the buffer
- Encouraging transportation choices

Please join us for the discussion.
